HARRISBURG, PA (August 22, 2022) — On behalf of 700,000 working men and women in Pennsylvania, represented by 51 International Unions and 1,422 Locals, the Pennsylvania AFL-CIO Executive Council endorsed 178 candidates in the Pennsylvania 2022 General Election.

“These endorsements represent a meaningful affirmation of each candidate’s values and recognize that they care about Pennsylvania’s working families,” said Angela Ferritto, President PA AFL CIO. “We encourage voters to get to know our endorsed candidates and the issues our members care about – better pay and benefits, secure retirements, gender equality, workplace health and safety, high quality public education, and civil rights among others.

“These candidates have demonstrated their strong commitment to union ideals and the issues that we care about. The PA AFL-CIO is proud to support candidates that will advocate and fight on behalf of working people across the commonwealth.”
